WHY COLLEGES CHOOSE STRUX INOVA

Better Placements

Students become industry-ready and get placed faster.

Evaluated by AICTE
Implemented by N.E.A.T
Approved by VTU

Measurable Impact

Data-driven insights to track student progress and outcomes.

Higher Pass Percentage

Stronger concepts through visualized, application-based learning.

Reduce Faculty Workload

Automation saves hundreds of hours in assessment & tracking.

CORE FEATURES

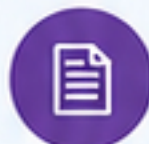

Smart Learning
Industry-aligned video lectures, notes & concept visualizations

Assessment Engine
Quizzes & competency benchmarks

Industrial Application
R&D scenarios & real-world problem solving

Projects & Portfolio
Build industry-grade projects and showcase real skills

Resume & Profile
ATS-optimized resumes with one-click export to employers

Career Connect
Direct access to employers & job opportunities

EMPOWERING CORE INDUSTRIES

Automotive

Aerospace

Heavy Engineering

Infrastructure

Energy

Manufacturing

R&D & Consulting

Let's Build the Future of Engineering Talent—Together.

Partner with Struxinova and empower your students, faculty and industry connections for a future-ready tomorrow.

FOR COLLEGES

Enhance outcomes. Strengthen accreditation. Improve placements. We make it measurable.
